

Job Circular: Junior Frontend Developer Position

Company: **Softwrđ Limited**

Location: **Dhaka, Bangladesh**

Position: **Junior Frontend Developer**

Salary Range: **Up to 60K BDT/Month**

Type: **Full-Time**

Application Deadline: **31/08/2023**

About Us:

We are a Bangladeshi-Norwegian joint venture that aims to use cutting edge technologies to aid lagging industries into the future. We believe in fostering a creative and collaborative work environment where every team member can contribute their skills and ideas to build exceptional digital solutions.

Job Description:

We are seeking a highly motivated and talented Junior Frontend Developer to join our growing development team. As a Junior Frontend Developer, you will be working closely with our senior developers to create and maintain engaging and user-friendly web interfaces. This is an excellent opportunity for someone who is passionate about web development and eager to learn and grow in a fast-paced environment.

Responsibilities:

- Collaborate with design and backend teams to implement visual and interactive elements of web applications.
- Write clean, well-structured, and maintainable code using HTML, CSS, and JavaScript.
- Assist in the optimization of applications for maximum speed and scalability.
- Identify and troubleshoot frontend-related issues and bugs.
- Stay up-to-date with the latest industry trends and technologies in frontend development.

Qualifications:

- Bachelor's degree in Computer Science or a related field.
- At least 1-2 years professional experience in HTML, CSS, and JavaScript.
- At least 1-2 years professional experience with frontend libraries and frameworks like Svelte/React/Vue.
- Experience with Tailwind CSS and CSS3.
- Basic understanding of UI/UX principles and responsive design.
- Good understanding of version control systems like Git.
- Strong problem-solving skills and attention to detail.
- Excellent communication and teamwork abilities.
- Mindset to code and do code review for continuous improvement.
- Previous experience with charting libraries (e.g., Chart JS, D3) and Map (e.g., Google Map, Mapbox, Openlayer, ArcGIS) is a plus.
- Previous experience working in an Agile/ Scrum team is a plus.

Experience: Minimum 1-2 Year

Working Hour: 11 AM - 7 PM

Benefits:

- Opportunity to work on exciting and challenging projects.
- Professional growth and learning opportunities.
- Collaborative and inclusive work environment.
- Fully subsidized lunch facilities.
- All the public holidays as declared by the Bangladesh Government.
- Sick and casual leave as per company policy.

Application Process:

Interested candidates are invited to submit their resumes and portfolios to naeem@softwrdr.ai / mamun@softwrdr.ai. Please include "Junior Frontend Developer Application - [Your Name]" in the subject line. Applicants will be short listed by an assignment. Shortlisted candidates will be contacted for an interview.

Join us in shaping the future of web development! Your journey begins here.
